Save the Dates: April 2021 Huddles

Join the Quality Insights nursing home team as we begin another series of webinar “huddles” focused on specific topics that are important in providing quality care to residents.

Our first session will start with ways to *Revisit, Renew and Revitalize your QAPI Program*. Our second session will focus on the topic of *Falls*. Additional information about future huddle topics will be sent prior to upcoming dates.

Quality Insights is the Quality Innovation Network-Quality Improvement Organization (QIN-QIO) for Pennsylvania and West Virginia. As part of that work, we collaborate with health care providers and communities on multiple, data-driven quality initiatives to improve patient safety, reduce harm, and improve clinical care.
